## BOARDS ARE REVERSIBLE: LIGHT OR DARK GRAY

The WPC boards are light gray on one side and dark gray on the other side. This way you can decide which color to place after purchase. But you can of course also make very beautiful creative and unique garden houses by combining the colors.

Art. no.	color	m W	m D	roof	barcode
2001000	dark grey/ light grey	2	2		 5 4 1 3 7 5 1 4 0 6 0 1 7
2001010	dark grey/ light grey	3	3		 5 4 1 3 7 5 1 4 0 6 0 2 4
2001020	dark grey/ light grey	4	3		 5 4 1 3 7 5 1 4 0 6 0 3 1

- Garden sheds with gutter
- 2 colors : dark or light gray : boards reversible
- Discover our premium range from Giardino with this gardenshed, ideal for storing your garden furniture and tools.
- The combination of composite and other high-quality materials gives it aesthetics and robustness. Indeed, the composite allows to have a bluffing wood aspect without its drawbacks. No specific maintenance or annual treatment is required, it is resistant over time.
- In addition to the composite (co-extruded, 2nd generation composite), other quality materials are used: resistant and painted aluminum for the structure, aluminum doors and windows with 5-6-5 mm double glazing and tempered glass. The shelter does not need any additional cover because the PVC + ASA roof is completely waterproof.
